The dissolution of a job share shall not require the district to lay off or involuntarily transfer employees who were not job sharing.
11. Both job share partners are subject to the layoff provisions of the Agreement based upon the seniority of the least senior partner if the position is eliminated due to insufficient work or insufficient funds. Both partners shall be placed on the recall list and recalled in order of seniority on the full time recall list.

- c. When an employee takes an unpaid leave of absence, no vacancy is created; the position may be filled by appointment (see acting assignment). While the employee is on an unpaid leave of absence over thirty days, seniority will be maintained but no credit will accrue while on leave of absence. Seniority will continue to accrue on the day after the unpaid leave ends.
- d. The employee will return to his/her original position if it exists in the budget, but if not then the employee will be subject to the layoff provisions of this Agreement.

The employee must notify the District in writing, of intent to return within thirty days (30) days of the expiration of the leave. Failure to make such notification will release the District from the obligation of providing a position.

- e. Failure to return to duty following a leave shall forfeit all rights and benefits.
- f. An employee on leave may elect to pay premiums for insurance during the leave.
- g. Utilization of leave time for purposes other than which the leave was granted shall be a cause for dismissal.

The documentation must be provided to the District by September 30th of the following year. Travel study will not be considered in approving professional study plans.

b. Personal Leave

Such leave shall be for the purposes of holding an elected public office or humanitarian service and must be requested at least thirty (30) days prior to the commencement of the leave.

I. Break in Service

A break in service without leave of absence by a permanent employee shall result in the loss of fringe benefit privileges. Should a former employee later reapply and be rehired, he/she would start again as a probationary employee and begin accruing benefits again at that time. (Layoff as described in Article VI, Section J, Paragraph 4, shall not constitute a break in service.)

J. Layoff and Rehire

1. Seniority

Is as defined in Article II, Definition of Terms. Employees who were laid off and then recalled pursuant to this section shall not be considered as having a break in their current term of employment, but shall not accrue seniority during that period of layoff. Seniority will not be accrued during periods of unpaid leave of absence exceeding thirty (30) consecutive work days, time worked in another bargaining unit or time on layoff. Seniority shall be eliminated upon removal from layoff list, discharge, resignation, or retirement. Seniority shall be ranked according to the total number of continuous calendar days of current service minus those days on layoff or on leave without pay as provided above. The employee with the most number of days shall be the most senior continuing to the employee with the least number of days the least senior.

2. Seniority Lists

Three (3) seniority lists shall be maintained. One list shall be compiled for those employees considered full-time, one for part time employees with an FTE of .5 to .99, and the third list shall be for employees with an FTE of .49 or less. If a part-time classified employee is laid off they will be eligible to bump on their list only. Recalls will also be based upon the specific seniority list. Seniority for part-time employees shall be computed as if they were employed full-time. Seniority lists will be given to CEA by November 15th of each year. The seniority list will be final and binding upon all parties by January 15th of each year for the remainder of the calendar year unless a challenge to the list is made by the Association prior to January 15th.

An employee working 40 hours (1.0) FTE whose hours are reduced to no less than 37.5 hours remains eligible to bump on the fulltime (1.0) seniority list

3. Identical Seniority Dates

When the need arises to break identical seniority status (seniority ties) the method used shall be by random drawing. The drawing shall take place while an Association representative is present. Each employee involved shall have their name placed on a separate sheet of paper. The papers will then be placed in an opaque container. After thorough mixing, the papers shall be withdrawn one at a time. The first name drawn shall be considered the most senior continuing to the last name drawn, who shall be considered the least senior.

4. Reduction in Force

The Superintendent is authorized to layoff employees if a position has been abolished or if he determines a layoff is appropriate due to insufficient funds or work. When the District has decided to reduce the number of

employees within a classification, the minimum of fourteen (14) calendar day notice of layoff will be provided. The order of layoff will be determined by seniority from the appropriate seniority lists. The district will attempt to limit the number of employees to those laid off to the number of positions (from the bargaining unit in full-time equivalents) that were cut from the budget.

- a. In determining which employee or employees are to be laid off the district shall, first, ascertain the classification of the position or positions which the Superintendent has decided must be vacated. The least senior employee or employees in the district holding a job with the same classification shall be laid off.
- b. If a position within a building is abolished or reduced from a full to a part-time position, and no employee holding the position in the building is susceptible to layoff in accordance with the provisions with Paragraph (a) above, the employee with the least seniority in the building will be reassigned to another building in which there is a vacant position with the same job classification and same status (either full-time or part-time). In the event no vacant qualifying position exists the employee may then elect to bump the employee in the same classification and status who has the lowest bargaining unit seniority. However, when a position's hours are reduced an employee eligible for reassignment pursuant to this paragraph may opt out to remain within the building working at reduced hours.
- c. An employee may refuse a reassignment under Paragraph (b) above and opt to be placed on the recall list where:
 1. The proposed reassignment is to a location more than twenty miles away from the employee's former position; or
 2. The proposed reassignment is to a position requiring a different number of days or hours of employment during the work week or a different pay level.
- d. If an employee refuses a position requiring the same number of days, hours of work, or pay level as presently assigned and which is also at a location 20 miles or closer to the employee's present position this refusal will be treated as a resignation and the employee terminated. Offers of reassignment and their acceptance may be verbal but must be confirmed in writing within five days.
- e. An employee who is laid off in accordance with the provisions of Paragraph (a) above may bump an employee with the least bargaining unit seniority in another job classification within this agreement

which he or she has previously held successfully and for which he/she continues to be qualified, provided:

1. The laid off employee provides the district with notice of his or her desire to bump within three days of receipt of the notice required by paragraph (4) above; and
 2. The laid off employee has greater seniority than the employee he or she proposes to bump.
- f. An employee who has been bumped in accordance with this paragraph will be laid off pursuant to the provisions of this Article. The person who has displaced the bumped employee will not be entitled to occupy the position or receive any compensation associated with the position until the notice period prescribed in paragraph (4) has expired with respect to the bumped employee. Provided that the time requirement prescribed in paragraph (4) of this section commences when the employee notifies the district of the desire to bump, as in accordance with paragraph (4)b of this section. An employee subject to layoff who has bumped another employee in accordance with this paragraph shall not be entitled to compensation during the period between the effective date of his or her original layoff and the effective date of the bumped employee's layoff.

5. Recall

- a. Positions are defined as the positions covered by this Agreement.
- b. Employees will be recalled to positions within their classification or to a classification that he/she has previously held in order of their seniority. The most senior will be recalled first. Employees who occupied a full-time position at the time of layoff shall be recalled to a full-time position by order of seniority first; prior to recalling employees who occupied part-time positions at the time of layoff. Employees who occupied a part-time position at the time of layoff shall be recalled to a part-time position by order of seniority first; prior to recalling employees who occupied a full-time position. A copy of the recall list will be provided to the Association and affected employees upon request. If there is a conflict in hours with other district employment, the employee may choose to remain on the recall list. An employee will be removed from the recall list for the following reasons:

1. Refusal of a job offer of the same days, hours, classification, and pay level held at the time of notification of layoff that is within twenty (20) miles of their former position.

2. Failure to keep the District up-to-date with current phone number and address. If the District cannot contact an employee by phone after three (3) attempts in two (2) days during regular working hours, then the District may proceed to next name on recall list or if there are not any other names remaining on the list; then the District may begin to fill the position with transfers or new hires. ARTICLE XI

Grievance Procedure

A. Purpose and Definition

1. Purpose

The primary purpose of this procedure is to secure at the lowest possible level, equitable solutions to the problems of both parties.

2. Who May Grieve

A grievance may be brought by an employee, a group of employees, or the Association on behalf of employees. The Association may file a grievance on its own behalf only for alleged violations of Article I, II, and VIII.

3. Definition

A "grievance" is a claim by an employee based upon an event or condition which affects the conditions or circumstances under which an employee works caused by misinterpretation or inequitable application of District policies or procedures on personnel matters directly pertaining to these conditions or circumstances, and/or the terms of this Agreement and amendments thereof.

4. Time Limits

In any case where the grievant violates the time limits established; the grievance shall be dropped. In any case where the District violates the time limits established the grievance shall be advanced to the next step. Time limits may be altered or extended by mutual agreement.

B. Grievance Process

An employee should make an attempt to resolve his/her complaint with the immediate supervisor on an informal basis either personally or with the assistance of the CEA representative before entering the formal grievance process.

1. Department Director/Administrator - Level I

The Association shall present the grievance in writing to the grievant's Department Director/Administrator within fifteen working days of the alleged incident or within fifteen working days of when the alleged incident becomes known to the employee. The written grievance shall outline the nature of the grievance and the circumstances from which it arose, the remedy or correction the District is asked to make and the section of this Agreement or established policy which is alleged to have been violated. Within five working days after the grievance is received, the Department Director/Administrator shall meet with grievant and his/her representative to hear the grievance and render his/her decision in writing within five (5) days with copies to the association and grievant.

The Department Director/Administrator will be defined as the person having the overall decision making responsibility for a department; i.e., Director of Operations and Maintenance, Director of Student Support Services, etc. The Associate or Assistant Superintendent may be designated as a level two hearing officer by the Superintendent, and shall not be considered as a Department Director/Administrator. Grievances not resolved by a school principal on an informal basis will be filed formally at level two.

2. Superintendent - Level II

In the event that the grievance is not resolved at Level One, the Association may submit a written statement of the grievance to the Superintendent within ten working days after a written response at level one. Within five working days of receiving the grievance, the Superintendent or his/her designee shall meet with the grievant and representative of the Association. The Superintendent shall make his/her decision known in writing within five working days of the meeting.

3. Mediation - Level III

If the Association is not satisfied with the level two decision, then the parties may submit the issue to mediation within ten working days of receipt of the Level two decision. The parties shall request a list of nine qualified mediators from the American Arbitration Association (AAA) upon ratification of this agreement, and the list shall be used to select the mediator for individual disputes. The parties shall alternately strike a name

from the list until one remains. The first strike shall be determined by the flip of a coin. The parties shall equally share the costs of mediation.

The mediation procedure is entirely informal in nature. The relevant facts should be elicited in a narrative fashion to the extent possible, rather than through examination and cross-examination of witnesses. The rules of evidence will not apply and no record of the proceedings will be made. All persons involved in the events giving rise to the grievance should be encouraged to participate fully in the proceedings, both stating their views and by asking questions of the other participants at the mediation hearing. The primary effort of the mediation should be to assist the parties in settling the grievance in a mutually satisfactory fashion. In attempting to achieve settlement, the mediator is free to use all of the techniques customarily associated with mediation, including private conferences with only one party. If settlement is not possible, the mediator should provide the parties with an immediate opinion based upon the collective bargaining agreement as to how the grievance would be decided if it went to arbitration. That opinion shall be advisory and delivered orally. The advisory opinion could be used for further settlement discussions or for withdrawal or granting of the grievance. If the grievance is not settled, granted, or withdrawn, the parties are free to arbitrate. If they do, the mediator could not serve as arbitrator, and nothing said or done by the parties or the mediator for the first time during mediation could be used against a party during arbitration.

4. Arbitration - Level IV

If not resolved at level two or mediation, the parties may submit the issue to arbitration within ten working days of receipt of level two decision or mediation. The parties shall request a list of qualified arbitrators from the American Arbitration Association (AAA). If the parties are unable to determine a mutually satisfactory arbitrator from the submitted list, they will request the American Arbitration Association to submit a second list. If the parties are unable to determine a mutually satisfactory arbitrator from the second list, then the American Arbitration Association shall designate an arbitrator.

The arbitrator shall limit himself to the issue submitted to him and shall consider nothing else. He can add nothing to, nor subtract anything from the Agreement between the parties or any policy of the School Board. The decision of the arbitrator shall be final and binding upon both parties. The fees and expenses of the arbitrator shall be shared equally by the parties.

- b. If a permanent term-employee has held a temporary summer position in a different classification and is laid off from their permanent term position they may only bump in classifications where they have a permanent term or 12 month positions.
